The track from Winfield to Newton is said to be the best piece of track the Santa Fe has. It is a dirt track, but in the summer time it is dusty, which it would not be with stone balast. It is said that the fastest time made on the Santa Fe is made on the unbalasted gap and that a mile a minute is not at all an un-common thing from Mulvane to this city. If the plans of Mr. Tice carries, a good in this vicinity as it will take several

men a long time to do the work. The Okiahoma division is an important immense business and the Santa Fe company seems to appreciate it. Mr. Tice certainly does, and works unceasingly to to give the patrons of the division a events of hist week may be recalled With an enormous regular passenge extra people into Wichita without a single accident, without a single disturbance and without a single passenger train being late a single moment coming in or going out.
